CAREER OBJECTIVE

A results-driven and detail-oriented MERN Stack Developer seeking a challenging role to design and develop scalable, high-performance, and user-centric web applications. Strong in MongoDB, Express.js, React, and Node.js, with expertise in REST API development, full-stack architecture, and modern web technologies. Possesses a solid understanding of database design, state management, and performance optimization. Eager to build robust, data-driven applications, contribute to end-to-end development processes, and deliver seamless user experiences while collaborating with crossfunctional teams in a dynamic environment.

SKILLS

Languages: JavaScript, TypeScript, Python, Java, C, C++, MATLAB

Frontend: React.js, Next.js, Tailwind CSS, HTML, CSS

Backend: Node.js, Express.js, REST APIs, JWT, Firebase Authentication

Database: MongoDB, Firebase

Tools: Git, GitHub, Postman, Vercel

PROJECTS

SkillMatchAI – AI-Based Job Matching Platform

[Live](#) [Github Repo](#)

Developed an AI-based job matching system with personalized skill recommendations and real-time analytics dashboard, improving match accuracy and boosting user engagement by 30%.

Tech: Next.js, Node.js, Express.js, MongoDB

- Developed an AI-powered skill matching system for students and job seekers using Next.js and Node.js
- Integrated machine learning models to deliver personalized skill recommendations, improving match accuracy
- Built an interactive dashboard with real-time data visualization, increasing user engagement by 30%

FitFat – Fitness & Nutrition Platform

[Live](#) [Github Repo](#)

Developed a scalable fitness and nutrition platform with React and Node.js, featuring personalized health tracking, secure authentication, protected routing, and responsive UI components.

Tech: React, Node.js, Express.js, MongoDB

- Developed interactive dashboards for users to track fitness goals, nutrition plans, and progress
- Implemented secure authentication and protected routes for personalized user experiences
- Built responsive UI components and health analytics features to improve engagement

EDUCATIONS & CERTIFICATIONS

BSc in Electronics and Communication Engineering - Khulna University
Khulna | CGPA – 3.30

2023 – Present

Complement Web Development With Programming Hero - Programming Hero
Online | [Certificate](#)

July 2025 – Dec 2025

Full Stack Development with MERN - CodersTrust
Online | [Certificate](#)

Feb 2026 – Mar 2026
